

Appraisal Value Rebuttal Form

This form is used for addressing issues with an appraisal's final value. This form must be filled out and forwarded to conditions@lenderschoiceamc.com. Lenders Choice AMC, LLC will entertain value rebuttals that have merit and include concerns over any perceived, real error, and or omissions in the appraisal report or pertinent data that illustrates a potential variance in the final value estimate. Lenders Choice AMC, LLC will **not** entertain requests for higher values that do **not** contain additional relevant, reasonable or reliable data that is applicable to the appraisal assignment being addressed.

Requirements

- Value rebuttal has to be 10% of the appraised value or greater.
- Submission should include three appropriate comps with sale dates and 'days on the market'. Only new sales comps or listings, or other factual data **not** previously considered by the appraiser can be the basis of a value rebuttal request. AVMs or prior appraisals are **not** permitted to support a value rebuttal request. Prior analysis as indicated in an appraisal or an AVM is **not** acceptable.
- Sale comps must have closed prior to the effective date of the appraisal.
- Forms should be returned to conditions@lenderschoiceamc.com. **No** direct contact with the appraiser is permitted.

Property Information	Appraisal Information *
